ABOVE: Fort Rock State Park will be the site of Hunter Noack's September 9th Concert, beginning at 6:30 p.m. RIGHT: Noack performing at Timberline Lodge on the slopes of Mt. Hood.

Internationally Acclaimed Pianist to Present Local Classical Music Concert, September 9th

Hunter Noack, a native Oregonian and internationally acclaimed concert pianist, will present part of the concert series "IN A LANDSCAPE" at Fort Rock State Park on Saturday, September 9th, beginning at 6:30 in the evening. This free event, open to the public, is made possible by funding from Oregon Community Foundation, philanthropists and partnerships with local state parks and businesses. Donations will be accepted. For more information visit: www.hunternoack.com.

In partnership with the 90th annual Fort Rock Homesteaders reunion, Noack will perform live on a nine-foot Steinway concert grand piano in the center of the caldera at Fort Rock. You are asked to bring your own chairs or desert-friendly blankets to this event and warm clothing as the evenings become cool. It is also suggested that you bring personal flashlights or lanterns for walking back to the parking area.

IN A LANDSCAPE 2017 presents 13 live concerts in some of the most spectacular landscapes across Oregon and Southern Washington, from Astoria Column to

the Alvord Desert, from Crater Lake to Baker City and Pendleton. Modeled after the trending "silent disco," live solo piano and chamber music will be broadcast via radio transmitter to wireless headphones, giving concert-goers the freedom to watch the musicians, or wander through secret glens, lie in sunny meadows and roam old growth forests.

90th Annual Reunion of Fort Rock Homesteaders

The annual Fort Rock Homesteaders Reunion takes place in just a few days! 2017 marks the 90th year the homesteaders have gathered to celebrate their heritage. This year's gathering will be the weekend of September 9th and 10th.

The weekend kicks off Saturday with opportunity to visit the Fort Rock Homestead Village Museum, which is open 11:00 a.m. - 5:00 p.m. At 4:00 p.m. in the Grange Hall there will be a business meeting, to which all members are welcome. Dinner will be on your own. Both The Waterin' Hole and Fort Rock Restaurant and Pub offer a variety of dining options. At 6:30 p.m. everyone is invited to an amazing concert at the State Park. (see main article)

Activities for Sunday begin with coffee at 8:00 a.m. in the Fort Rock Grange Hall. The Fort Rock Homestead Village Museum will be open 10:00 a.m.-5:00 p.m. This will *Continues as Reunion on page 6*

Run to the Desert Car Show, Another Success

The fourth annual Run to the Desert Car show was a big success. We had 20 cars and trucks. Our raffle was a big success with many great prizes from tools to bath and candle baskets! We had participants from La Pine, Bend, Fort Rock and Christmas Valley. There are a lot of classic cars and Hot Rods hiding in garages and barns out here and we hope to get more of them out to attend the show next year!

Best of show car was a 1957 Chevy owned by Buzz Fine. He also won People's Choice. Buzz is from Fort Rock. Best of show Big Truck was a 1994 Peterbilt owned by Troy Fine of Fort Rock. Coolest conventional hay truck was won by Mike House with a 2016 Peterbilt also out of Fort Rock. There were other Awards of Excellence given out.

A special thank you to Troy Fine for all his support. Thank you also to Lori Adair

and Terry Barlow for keeping the registration table running smoothly. Thanks to organizers Ken & Kathy Allen, and Becky & Terry Tocol.

Raffle prizes were donated by: The Willows, CV Market. Sagewood Grocery, S S Equipment, Kearns, Boots and Spurs Coffee Shop, Napa, La Pine S & S Auto in La Pine, Sid's Produce and Les Schwab of La Pine.

Additional thanks to supporters Greg Rondeau, North Lake Park and Recreation, Mark Russell, Bend Awards, Lake County, Lake County Sheriff, Lake County Road Department, and Sign Pro of Bend.

Proceeds from the show go to the North Lake Children's Food Program. Next year the show will be at Floweree Park the first weekend in August. We hope to see more local cars. Bring them out and shine!

Being Proactive in Your Planning Pays

NLHD

It's been a recent topic of discussion in Lake County, and countless other counties across the country: "How do we address the difficulties related to extending Emergency Medical Services in rural areas?" Fortunately, you can be an active participant in finding solutions! It's important for residents in rural areas to be proactive in their approach to optimize personal health and welfare, both physically and financially.

As a growing community, we are pleased in the ever-expanding services offered to residents in North Lake County. The La Pine Community Health Clinic, (LPCHC), offers a wide variety of services and employs medical staff able to address many common health issues, preventative medicine and offers referrals as needed. The North Lake Health District houses private practitioners offering massage therapy, chiropractic care, optometry, naturopathic medicine and mental health. Local residents can utilize Special Transports, offering scheduled, (5-day advanced notice), transportation supporting accessibility to care providers, pharmacies and other services in our outlying areas. Call for details and scheduling. *All trips based on availability of volunteer drivers. Plan for emergencies by enrolling with your local EMS and Air Link memberships; both enrollments are affordable and help significantly reduce the cost of transportation to hospital care. Applications for EMS &

Air Link are available through EMS, the LPCHC, the office of Patty Effingham and by phone.

Regular check-ups, proactive planning and timely address of medical concerns promote wellness and can save you time, money and help support resources available to North Lake County residents.

Here's a contact list for these valuable resources:

NO DRONES: Wildfires and Drones Don't Mix

Even a tiny drone can cause a serious or fatal accident if it collides with firefighting aircraft. In most situations, if drones are spotted near a wildfire, firefighting aircraft must land due to safety concerns. This prolongs firefighting operations; in many cases, wildfires become larger when aircraft are not able to drop fire retardant or water, monitor wildfires from above, or provide tactical information to firefighters. Homes and other valuables at risk could burn needlessly, firefighters could be injured, or worst of all, a fatal accident could occur. <http://knowbeforeyoufly.org/>.

Respecting Our Park: Enjoy It, Don't Destroy It

A friend of mine took her family to Flowerree Park a few days ago. She has a small guy who wanted to play, so to the park it was, only to find lots of cigarette butts on the ground around the swings. PLEASE DON'T SMOKE IN THE PLAY AREA! If you have to smoke while there, at least clean up your butts. Also, there was trash everywhere, but that's not the worst of it. Some uncaring, thoughtless person tied FISHING LINE around the poles of the swings! It took quite some time for them to clean it all off. Had a child been playing and running without seeing it—FISHING LINE does not break easily— it could have severely injured them! Child endangerment is not a funny prank to pull. Whomever you are that did this PLEASE BE AWARE of the danger you put our children in! Please, anyone who lives or works close to the park, if you see anyone doing anything out of the norm there, report them. There have also been vandals marring the new tables by writing on them. The park is a wonderful addition to our community and much needed for EVERYONE to enjoy, not destroy!

God bless you,
- Linda McCoslin

Special Transportation Program is Available

Transportation is available for senior/disabled/low income residents of North Lake County for medical, recreational, shopping, visiting family and various needs through a "dial-a-ride" type system to the areas of Bend, Klamath Falls & surrounding communities.

For medical or social transportation, call 541-576-4689. Allow 5 days advance notice for us to set up a driver (unless it's a special medical circumstance). If transportation is of a social nature, we must transport a minimum of 3 people for the event.

All rides must have a Senior or Disabled person being transported. Please call and check on posted dates to make sure there is room in the car. If not, you may be asked to go on another date that has room. See scheduled trips posted locally. Please call if you have any questions.

Event attendees, both young and old, are entertained by a story from Dan Damewood.

Many Attend Eclipse Event at CV Library Julianne Crowl

Thank you to everyone who made the Christmas Valley Branch Library's solar eclipse party such a success. Thanks goes to local story-teller Dan Damewood for his blessing ceremony and wonderful coyote story. Thank you to Alexa Negus, our summer reading teacher, for taking care of the kids. Anita Bailey and her friends made dozens of amazing cookies, thank you. Thanks to Barbara Johnson for the beautiful and oh-so-delicious cake. The North

Lake Medical Clinic donated Hula Hoops, thank you; the results were hilarious. And last, but certainly not least, thank you to Jamie Davis of OSU Extension Office and the Lake County Library District for donating the FREE solar glasses that made the party safely possible. Thank you to everyone who helped.

Reunion

Continued from page 1

be the last day the museum is open this season. Plan to visit, and pay your Fort Rock Valley Historical Society dues. Homesteaders registration begins at 10:00 a.m. at Fort Rock Grange Hall. Dues are still just \$5.00 per family. These dues help with mailings, hall rental, door prizes, and such.

The Homesteaders Reunion Potluck and Auction starts at noon at the Grange Hall—everyone welcome! Bring potluck dish and your own table service. Coffee & punch are provided. Identify your table space with a table cloth and banner with your homesteader family and/or family name on it. Following the meal, the auction will be held. Door prizes will be awarded. Auction items will be taken during registration and will be gladly accepted on Sunday. The auction strives for quality, handcrafted or locally produced items and can include antiques, collectibles, art, and homemade food items. In the past, auction proceeds have benefited the Fort Rock Grange and Fort Rock

Valley Historical Society and Museum.

The Waterin' Hole Tavern has full hook-up campsites available. Call to reserve your space, (541)576-2294. Space is also available at Horse Ranch RV/Rockhorse Park, (541)576-2488

Please Note: For 90 years our group has been gathering and enjoying each other's company with good food and conversation. The board members have completed their terms. Some will not continue with their responsibilities. If you are interested, please step forward and attend the business meeting on Saturday at 4:00pm in the Grange Hall. If no one wants to chair the event, this will be our last reunion. If the reunion ends, maybe we can gather for the 100th in ten years. We hope you are able to join us with your family and friends at this year's reunion.

We have an exciting program planned! The fate of the organization depends on volunteers!

BASIL
(*Ocimum basilicum* CT *linalol*)
of the Lamiaceae or Labiatae
(mint) family.

Back In Thyme: Essential Oils-Basil

Linda McCoslin

Basil is extracted by steam distillation of the leaves, stems and flowers. Primary topical uses: amenorrhea, autism, bee and hornet stings, bites, bursitis, carpal-tunnel syndrome, cuts, earache, frozen shoulder, greasy, oily hair, healing, hiatal hernea, incisional hernia, to induce sweating, lactation (increase in milk production), mouth ulcers, muscle spasms, muscular dystrophy, Schmidt's syndrome, snake bites, spider bites, transition (labor), wounds. Primary aromatic uses: chronic fatigue, migrains, loss of sense of smell, ovarian cysts and viral hepatitis.

Basil's properties include: antibacterial, anti-infectious, anti-inflammatory, antioxidant, anti-spasmodic (powerful), antiviral, decongestant of veins, arteries of the lungs and prostate, diueretic, urinary/pulmonary disinfectant, nerve and adrenal cortex stimulant, uplifting anticatarrhal, antidepressant and energizing and restorative.

In ancient history, Basil was used for respiratory problems, digestive and kidney ailments, epilepsy, poisonous insect and snake bites, fighting fevers, epidemics and malaria. The French used it for Migrains caused from liver and gallbladder problems, mental fatigue and menstrual periods. For such a great cooking herb, it amazes me at all the attributes Basil has, although it says in the Bible, God put a cure on earth for every ailment human-kind can have! This oil can bring one alertness, calms anxiety and chills, helps with chronic colds, improves concentration, reduces nervous depression, aids digestion, fainting, headaches, hiccups, is an insect repellent, helps with insomnia from nervous tension and poor memory.

Basil works on the Cardiovascular System, muscles and bones. Aromatically it helps maintain an open mind and increases clarity of thought. Classified as an

enhancer and equalizer. Basil inhibits the growth of breast cancer cells and protects the muscular tissue of the heart against a chemically induced heart attack, as well as protection against DNA damage.

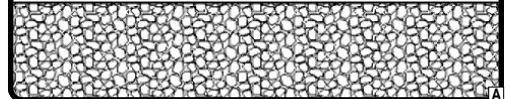

CAUTION: Avoid during pregnancy. Do not use if you are epileptic. May irritate sensitive skin (test small area first).

PUBLIC NOTICES

NOTICE IS HEREBY given that the Lake County Planning Commission will hold a public hearing Tuesday, September 19, 2017, at 6:00pm, in the Board of Commissioners Meeting Room, 513 Center Street, Lakeview Oregon, to receive public comment and testimony on the following applications. Failure to raise an issue at the hearing or to provide sufficient specificity precludes your ability to appeal the decision. If you have needs requiring special arrangements, please call 541-947-6036 at least 24 hours prior to the meeting.

CONDITIONAL USE PERMIT APPLICATION NO. 17-060-CUP

Public Hearing concerning an application by Lance Stockwell to establish a Non-Farm Dwelling on a 20.00 acre parcel described as: T27S R18E S16 TL1200; approximately 4 miles east of Christmas Valley: 3 miles east on Christmas Valley Road, 1/2 mile south on S. Gloria, then east 1/2 mile on Casad Lane to the southeast corner of the property; the property is in an A-2 Agriculture Use Zone. A decision will be based on Articles 3 and 24 of the amended Lake County Zoning Ordinance of 1980.

CONDITIONAL USE PERMIT APPLICATION NO. 17-062-CUP

Public Hearing concerning an application by Fort Rock North Solar Farm LLC to establish a Commercial Utility Facility (PV Solar) on up to 320.00 acres of a portion of a 4093.69 acre parcel described as: T25S R15E TL200; approximately 7.5 miles northeast of Fort Rock Road at 79941 Soto Lane, Fort Rock, Oregon; the property in an A-2 Agriculture Use Zone. A decision will be based on Articles 3, 18 and 24 of the amended Lake County Zoning Ordinance of 1980.

**FREE
BREAKFAST**

for the community on

Saturday, September 2
at 8:30 a.m.

at their location just south of CV Hwy on Old Lake Rd. All are welcome to come. Invite your friends and family over. If there is anything we can help with, please let us know. We will have potatoes, eggs toast bread and veggies hotdogs.

Second Hand Store Scheduled to Close Submitted

The Outback Second Hand Store located on the west end of town which has been operating since 2012 will no longer be open as the lease has expired. The Board would first like to say thank you to Merv Stutzman and his family for accommodating us and providing his building for the past five years. The lease is now ending and the board has not been able to generate the funds necessary to build a new building. We continue to seek grants to assist with that however, as of this date we will close the Second Hand Store and hope to reestablish it before too long. The store manager will be conducting several sales to reduce the inventory, so keep watch for her sales. The medical items will be stored in a different location and will be made available to the public.

We are deeply grateful to the entire community for the support that you have

shown us and as a result of your generosity both with donations and with purchases we have been blessed and continue to move forward in our endeavor to provide low cost housing and services for seniors in our community.

The activity center is nearly complete thanks to your support. Grants have been submitted to complete the kitchen and we are very optimistic that we can get it open in a few months.

A special "Thank You" to the staff and the many volunteers of the Second Hand Store. Without your dedication to this project and loyal service we could not have gotten to this point

**Outback

Suicide Warning Signs

These signs may mean someone is at risk for suicide. Risk is greater if a behavior is new or has increased and if it seems related to a painful event, loss, or change.

- Talking about wanting to die or to kill oneself.
- Looking for a way to kill oneself, such as searching online or buying a gun.
- Talking about feeling hopeless or having no reason to live.
- Talking about feeling trapped or in unbearable pain.
- Talking about being a burden to others.
- Increasing the use of alcohol or drugs.
- Acting anxious or agitated; behaving recklessly.
- Sleeping too little or too much.
- Withdrawing or feeling isolated.
- Showing rage or talking about seeking revenge.
- Displaying extreme mood swings.

Suicide Is Preventable. Call the Lifeline at 1-800-273-TALK (8255).

Everyone can agree this has been a HOT summer so far. So let's talk about keeping your horses cool. This is pretty much common sense. What the weather advisories say we humans should do in hot weather, the same is true for your hot horses.

Water: Make sure your horse's water supplies are clean, and that there is plenty of it. A hot horse is sweating constantly and they will require much more water than they do on a cool day in December. You can offer water with electrolytes added, but make sure they have plain water also. Fluffy may not like "Gatorade" and may decide to die of dehydration before drinking it. We don't mean the human drink with electrolytes — you know we're talking about the powders you can buy at the feed store that are intended for large animals.

Shade: Yep, it makes a huge difference. If you are relying on trees to provide shade, make sure the shade is actually in the pasture all day, and not on the other side of the fence all afternoon. Without shade on very hot days, your horse may not be able to cool itself enough by sweating, to avoid heat stroke.

Rest: Don't work horses during the hottest part of the day. If you must, keep it to a minimum. Better yet, get up early and work your horse in the cool hours around dawn, or after it cools down in the evening. This is where the common sense thing comes into play.

Playing with Hoses: Hosing horses off is a nice way to cool them off, but scrape the excess water off when you are done. If you have a mister... perfect. The cooling happens from evaporation of water on the skin and if they are soaking wet that evaporation doesn't work so well. This is because the water on the hair has to evaporate or drain off before the water next to

the skin will start to dry. Your dog knows about that, it's why they'll shake off after taking a dip.

Fans: We're big fans of fans. They make a nice breeze, AND they discourage weak flying insects (culicoides) from making a snack out of your horse. Just be careful not to plug in too many for your barn's wiring, or leave cords where they can be nibbled on.

Trim Time: If you have a particularly hairy horse — oldsters with Cushing's or babies with all their fuzz, consider clipping them. Not too short or they'll get sunburned, but enough that they can appreciate the nice box fan you've hung in their stall. And speaking of sunburn, watch out for horses with white hair, especially on noses and eyes. Try child-safe sunscreen or fly masks to cover those sensitive areas. If all their white areas blister there might be more going on and they should be seen by the vet (think liver issues).

Just Like Pets in Cars: Don't leave your horses in a trailer in the sun. It's hot. It's stuffy and there is no breeze. If you don't want to stand in the trailer, don't make Fluffy do it.

See, I told ya. Common sense.

To read more stories about equine care from the veterinarians at Del Oeste Equine Hospital, visit: <http://deloeste.vet/blog/>.

Editors Note: Submitted to DESERT WHISPERS by Patt Huffman, this article first appeared in the August 2017 "Rider's Roundup," a monthly publication from Oregon Equestrian Trails, a non-profit trail and horse camp organization.

North Lake School News

North Lake School District is dedicated to an educational foundation providing the tools, motivation, and discipline to encourage the development of students, staff, and community and to provide a personal, consistent, and caring education that will prepare all students to become well-rounded and to realize their maximum potential.

School starts Wednesday, September 6th! Are YOU ready?

Pavement for the North Lake Track has been laid and the rubber coating and lane markings will soon follow. It's a huge step forward – an exciting time for North Lake athletics.

Ticket prices for North Lake High School HOME athletic events are as follows:

- Adults..... \$4.00
- Senior Citizens..... \$2.00
- Secondary Students..... \$2.00
- Elementary Students..... \$1.00
- Season Family Pass..... \$100

Tragedy Averted At Lake Co. Fairgrounds

In the wee morning hours of August 31st, opening day for the Lake County Fair, a fire broke out in the kitchen area between exhibit hall #1 and the fairgrounds business office. Fortunately, the fire suppression system worked perfectly and damage was limited to just the kitchen area. Had the fire spread, it could have easily destroyed the business office and half of the exhibit space at the fairgrounds, making it a very different opening day.

Still, the fire did have immediate consequences. The damaged kitchen area is the location the 4-H Food Booth operates out of. This food booth is the only fundraiser conducted by the Lake County 4-H Program. Fortunately, the food-booth contractors (Charlie and Carl) did some quick thinking, and with some extra leg-work and a borrowed mobile kitchen, the 4-H Food Booth was up and running by noon! A big thanks to everyone who helped make this possible.

If you visit the County Fair, please consider the 4-H Food Booth as a source for drinks and food during fair, as proceeds benefit all members and volunteers of the Lake County 4-H Program.

Thanks!

- Mark Joseph Russell, 4-H Volunteer

North Lake County Flash Back: March/April 1967

Photos From Easter Weekend 1967

Lodge Major Attraction in Christmas Valley

Costing over \$100,000 when it was built five years ago, the Christmas Valley Lodge has soundly disproved those who thought it too big and expensive for the new community. It has become the focal point for all sorts of activities in the valley, with an ever-increasing number of groups and organizations holding their meetings within its pleasant, roomy confines.

For the summer vacationer, the Lodge is the hub of activities. Under the management of C. M. "Atch" Atchison, whose genial capacity shows an amazing versatility, the Lodge staff puts out some of the most satisfying meals in eastern Oregon.

Atch, who can and does put together the fabulous Buckaroo Breakfasts, directs like a concert master, the willing efforts of those who help make the meals so delicious.

Among those splendid cooks who listen to Atch's advice (and then probably do it the right way) are Maxine Bomar, who has lived in the valley for four years and has been in the restaurant business since 1943 and Agnes Wells, a cook of long experience who, with her husband Ben, was manager of the Beck and the Century ranches. Also helping in the kitchen is Beth Turnbull who has lived here a number of years and whose husband, Harold, is reputedly the champion fisherman of the lake.

JUST BEFORE DINNER, Mr. and Mrs. Brunton of Seattle have a sarsaparilla at the Lodge. The Social Hour, with hot hors d'oeuvres, made a big hit with the visitors.

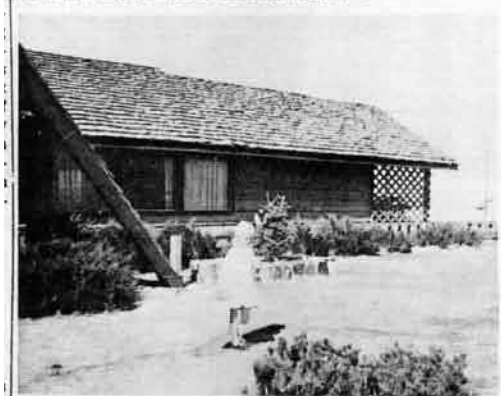

"We had such a pleasant waitress" is one of the most common written comments of summer visitors. Among those cheerful people whose deft serving has helped to make each Lodge meal a delight is Opal Ladbury, who, with her husband Wes owns and operates Lakeside Terrace Motel. In Christmas Valley, only one year, the Ladburys have made themselves indispensable to the community.

Also serving so handsomely is Lucy Schott, who, in addition to helping out at the Lodge, does part time work in the Land Office. Her husband Ted is purchasing agent for the Lodge and the store, making weekly trips to Bend for supplies. Assisting Lucy are Carol Worstler, a senior at Paisley High School and Linda Goeres, a member of the junior class in the same school.

Handsomely conceived, beautifully landscaped and well and cheerfully run inside, the Christmas Valley [Lodge] is a southeastern Oregon show place. Highly popular now, it is destined to become increasingly so as the weeks slip into vacation time.

HUNTING FOR EASTER EGGS was a happy event for these youngsters. The quick and the sharp-eyed could get a bagful while the others went empty-handed. But everyone had fun.

MISS CHARLENE SMITHER, dressed here for Easter Sunday church, was one of the lucky youngsters who found an easter egg with a \$1.00 bill attached. Bunnies do the strangest things!

AMONG THE VACATIONERS taking advantage of the Easter Special were Susan Ludlum and her college roommate, Karen. Young, old or in-between, Christmas Valley offers entertainment for everyone.

BRIGHT, CRISP SUNSHINE made a great morning for a horseback center by Ray Cook and his nephew, Garry. The Dude Ranch horses got a needed workout over the Easter weekend.

Smokey Air and Heat May Cause Problems

Public health officials want to remind people across the state to take precautions as smoke from multiple wildfires around Oregon and Washington affect the air quality. The combination of high temperatures and wildfire smoke around area may increase the risk of illness especially for older adults, young children, and people with asthma, respiratory, or heart conditions.

Officials urge all residents to take the following precautions to avoid health problems during hot, smoky conditions. Reduce the amount of time spent outdoors. This can usually provide some protection, especially in a tightly closed, air-conditioned house in which the air conditioner can be set to re-circulate air instead of bringing in outdoor air. Reduce the amount of time engaged in vigorous outdoor physical activity. This can be an important and effective strategy to decrease exposure to inhaled air pollutants and minimize health risks during a smoke event. Reduce other sources of indoor air pollution such as burning cigarettes and candles; using gas, propane, and wood burning stoves and furnaces; cooking; and vacuuming.

Individuals with heart disease or lung diseases such as asthma should follow their health care providers' advice about prevention and treatment of symptoms. Remember to stay hydrated. Drink between 2-4 cups of water per hour if working outdoors. Apply sunscreen with SPF15 or more 10 minutes before going out; re-apply every two hours. Wear loose, lightweight, light-colored clothing. Take cool showers to lower your body temperature. Never leave infants, children, or pets in a parked car. Always wear a life jacket if you are on the water. Remember to be safe around water. Check on at-risk friends, family, and neighbors. Know symptoms of Heat Exhaustion (heavy sweating, weakness, pale and clammy, fainting and vomiting). Know symptoms of Heat Stroke (high body temperature, hot and dry skin, rapid pulse) and call for help.

This was the view, Wednesday morning, looking east on Christmas Valley Hwy. near Rainbow Road.

Local Fires Contribute to Poor Air Quality MJR, Editor

A 14 acre fire on August 23 near the north end of Rainbow Road in Christmas Valley, and the 90 acre Lost Forest Fire have both contributed to air quality in the north end of the county to be near an all-time low. But, even without these nearby blazes, there has been enough smoke in the air to literally choke a horse. Fires from around the state seem to be sending all their smoke here, to our high-desert valley basin.

You can gauge the "thickness" of the air by making simple visual observations. If you can see Table Rock, it's a pretty good day. When Table Rock disappears, look for the Black Hills. When the Black Hills are not visible, look for Water-Tank Ridge. When the water tank is rendered invisible by smoke, you know it's bad. Some days, in some places, you can't see half a mile down the road.

Most summers during fire season, there is a build-up of smoke in the air. But this summer seems especially bad. Take care of yourself. See the article on page 18. Take care of your animals. Take care of your kids. I know the athletic coaches at North Lake School have been altering their train-

ing to help protect the student athletes from excessive exposure to the smoke.

I know the season will pass and the smoke will dissipate...eventually. I am anxious to see the trademark blue sky of the high-desert. But, before we have that blue sky again, we'll probably need to have a bit of cleansing rain.

- MJR

Policy: Animals on Park and Rec Properties

North Lake Park and Recreation District has adopted a policy concerning pets/animals on Park and Rec properties. This policy is an attempt to keep our facilities an enjoyable place for all users.

When on North Lake Park and Recreation property (including the Rodeo Grounds, Golf Course, Play Area, ect.) all domestic animals, whether pets, livestock, or other, must be leashed and/or under the direct control and supervision of their owner/handler. Any defecation (poop) from the animal must be cleaned up immediately by the owner/handler. Individuals failing to comply with this policy will be asked to leave Park and Rec property.

Animals freely roaming, with no apparent owner/handler in the area may be treated as strays. The proper authorities will then be contacted.

4-H LEGO Club Seeks Assistant Leader

To be a properly chartered 4-H Club in the state of Oregon, the North Lake County 4-H Lego Club is required to be supervised by a minimum of two approved 4-H adult volunteers. If you are at least 18 years of age, and have interest in assisting in the leadership of the 4-H Lego Club in North Lake County, please contact Mark Russell at legomanusa@yahoo.com or 541-576-4622.

Russell to Retain Position as Editor

MJR, Editor

Russell

The North Lake Park and Recreation Board has asked Mark Joseph Russell to stay on as Editor/Designer of DESERT WHISPERS. In early August, when he had submitted his notice of resignation, Russell had proposed to the board that he could stay on as

editor of the publication, just not continue as office manager for the district. The board initially indicated that they would prefer a single person to cover both the office manager position and the editor position with the paper, but their indicated preference changed.

"Honestly, I was a little bummed when I thought they weren't going with my proposal," said Russell. "I'm glad to still be editor."

Though no official decision has yet been made, Luanna Damerval has been asked to step in and fill the office manager position. An official vote on the matter is expected at the September 12th board meeting.

With this change in personnel, there is significant change in the way things will be submitted to DESERT WHISPERS. Rather than stopping by the Park and Rec office and speaking directly with the editor, you have a couple of choices.

1. Email: desertwhispers@yahoo.com
Russell says, "The absolute best way to submit anything to the paper is by email."

2. Drop-off: Information can be dropped off at the Park and Rec office during regular office hours. Luanna will see that it gets to the editor.

Your patience is appreciated as we discover the most efficient way to get the job done.

“My Lake County Landscape” Call for Photos

What’s so special about Lake County’s landscape? Answer that with a photo! Lake County Library District is accepting photographs of the Lake County, Oregon, landscape for an upcoming show to be hung in Lakeview, Paisley, and Christmas Valley. The show is open to amateur or professional photographers of any age who are current or former residents of Lake County, Oregon.

“We are excited to help share a community view of what is special about Lake County’s landscape,” says Amy Hutchinson, Library Director. “This is the first step in an excellent larger project we have planned. We can’t wait to share the details with you, but are waiting just a little longer on a funding decision before we do.”

The goal is to have the show hung in Lakeview in October, so entries are due no later than September 15, 2017. Email entry is preferred, but prints will also be accepted. For more details about how to enter, visit bit.ly/mylakelandscapes or call your local library. Questions about the show may be sent to Library Director Amy Hutchinson at amyh@lakecountylibrary.org or 541-947-6019.

Some Specifics:

Email entry is preferred, but prints will be accepted. Email up to 3 photos to:

lakecountylibrarydistrict@gmail.com

Please include the following information:

1. Your name (as you would like it to appear if chosen for the exhibit)
2. Your contact information (phone, email, address)
3. Your age (Adult, or if under 18, your specific age)
4. Approximate date photo was taken
5. Approximate dates of your residence in Lake County, Oregon

6. In relation to your photograph(s), please answer only ONE of the following questions in just a couple of sentences. This can be very informal, as if you were answering the question out loud.

- a. When you think of the larger Lake County landscape you live(d) in, what is personally special about it and why?
- b. If you were to move away from Lake County, what would you miss about the natural setting and landscape?
- c. How have special places in your Lake County landscape changed, or not changed, over time?
- d. What special place in the Lake County landscape would you take an out of town visitor to see and experience because you love it?

Entries due September 15, 2017

What size photo should I send?

If you can tell, your digital photo file should be at least 1600 x 1200 pixels for the dimensions and a 4-5 megabits file size when it is saved. If your phone or camera is set to the highest resolution for photography, send the highest resolution and largest file possible.

WORD SEARCH CONTEST

...had a dog and "Dingo" was his name-o!

Both Cathleen Cagle and Sandra Russell responded correctly to the MITSUBISHI ECLIPSE themed word search contest in the August 15, 2017 issue of DESERT WHISPERS. Cathleen Cagle, who responded with "DINGO," was chosen by random selection, and is the winner of a free 1 column x 3 inch, black and white ad in a future issue of DESERT WHISPERS. Contact the editor to claim your prize.

In addition to being a car model produced by Mitsubishi Motors, a dingo is a distinct type of free-ranging dog native to Australia. The "Land Down Under" is home to a wide variety of critters. Listed

below are 52 animals found in Australia. Hidden in the letter matrix are 51 of the 52. Which ONE is missing? Send your name and answer to:

desertwhispers@yahoo.com

or drop it off at the Park and Rec office by September 8, 2017. Names of entrants with correct answers will be printed in the September 15, 2017 DESERT WHISPERS.

One random winner, drawn from all correct answers, wins a free one column x 3 inch, b/w display ad (a \$10 value) in a future issue of DESERT WHISPERS.

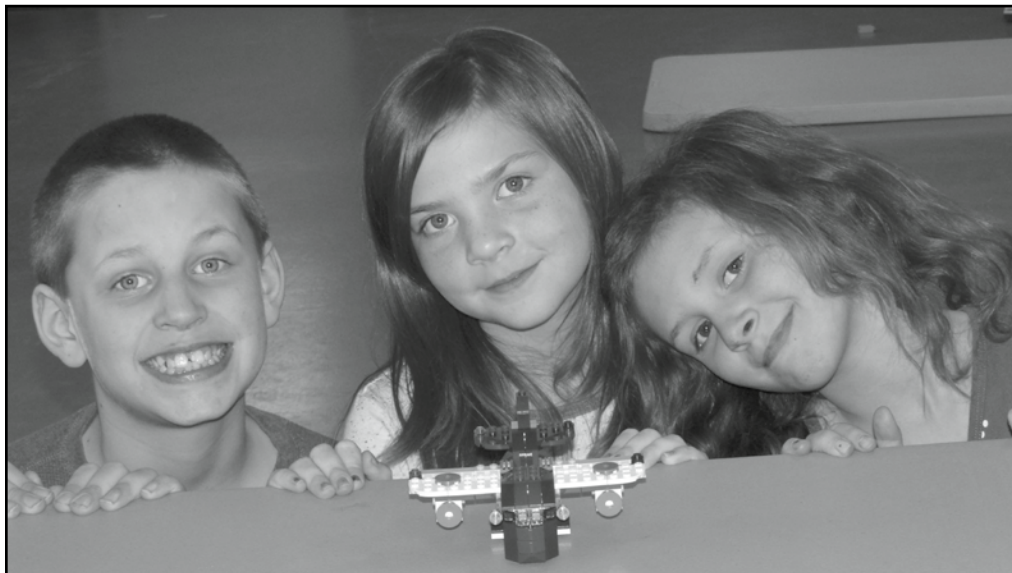

Good Luck!

At one of the final meetings of the year, Scott, Evie, and Sara show off the aircraft they built as a team from a Creator 3 in 1 set. Glen, Rachel, Manley, and Mark also helped with the build.

4-H Lego Club Wraps Up the Year

Mark Joseph Russell

Wednesday, August 30th was the final meeting of the year for the North Lake County 4-H Lego Club. Club members consistently met throughout the summer, participating in team building projects with strengthened their piece identification skills.

Though there was no gigantic project

taken to fair this year, at least two members entered projects on their own.

“It was a fun year with lots of kids involved,” says volunteer club leader Mark Russell. “The next go-round will probably start up in January. The format might be a little different, but we’ll see.”

Watch for details.

Help Fill a Local Need

Find something in your community that suits you. This community primarily functions through volunteers. We have many new community members and this community can benefit from a little bit of your time. The many new community members tax the already over stretched, long standing volunteers that oil the works of the under supported needs of the north end communities.

If you have questions of how you can help feel free to contact me, Glenna Wade, via Facebook [glennasonly] and I can help you find an activity that suits you.

HELENA CHEMICAL CO.

Horses Don't Play Golf

This is a simple reminder to horse owners in the area. Horses are NEVER allowed on the Christmas Valley Golf Course. You are welcome to exercise your animals on the service road between the fairways of the golf course, but NEVER should a horse be on the golf course itself. Horse hooves damage the playing surface of the course, and the piles of "road apples" create an unwelcome hazard to golfers.

In a similar manner, we will do our best to keep golfers from putting in your pasture, or pooping in your yard. Also, be aware that the facilities at the Rodeo Grounds, just east of the golf course, are available for use by the public at no charge.

Thank you for your cooperation.
