THE 5TH ANNUAL CHRISTMAS VALLEY MUSIC FESTIVAL

SATURDAY AUGUST 12, 2017
2:00 TO 10:00 PM

FEATURING MUSIC BY ALEXA WILEY & THE WILDERNESS
DC MALONE AND THE JONES LOOSE CHANGE THE VENTILATORS
MICHAEL MANNING CRAZED WEASELS FUNK ROUGEOU

Annual CV Music Festival Coming August 12th

Wow, time sure flies! Hope everyone's ready for a day of Music, Food, Fun, and Refreshment.

The festival is back with some old and new musical friends. The bands this year include: Loose Change, Michael Manning, D.C. Malone and the Jones, and the Crazy Weasels. We are also excited to introduce some new musical friends to the mix: Alexa Wiley & the Wilderness, and The Ventilators. I think you're gonna thoroughly enjoy them. Alexa brings her own unique sound and song writing style that is truly special, and the Ventilators blend a Blues and rock style that will keep you moving.

We also have a special treat, appearing for the first, and probably last time, on a stage anywhere, "Funk Rougeou". This is a tribute band put together for our dear departed musical friend, Ben Rougeou. Many of you will remember him as the bass player for Ma Fondue. Ben was a huge supporter of what we are doing out here. We miss his warm smile and wit but we will remember him in music. Funk Rougeou will include many of the Ma Fondue regulars including "Geesb"—the fiery lead singer and "Mikey"—the keyboard player, among a cast of musicians focused on funk'n it up

NOLA (New Orleans) style, in memory of our beloved friend.

As with every year, this event wouldn't be possible without the generous support of our many sponsors and, of course, the community who comes out every year. The festival is on Saturday, August 12th and goes from 2:00 PM to 10:00 PM at Flowerree Memorial Park. Admission this year is \$10.00 or what you want to "donate" to the kids. If you're a little short, then be our guests. So, invite your friends out for the weekend, dust off the comfy lawn chairs and prepare to eat, drink, and be merry.

We are also excited about presenting our first CVMF scholarship to this year's recipient to kick off "Funk Rougeou". I hope we see you all there to enjoy the music, support the kids, and share the day with your neighbors and friends.

If you are interested in being involved with a booth or to volunteer, feel free to give me a call: Earl Diment, 503-819-2417.

BANDS: (clockwise from top left) Alexa Wiley & The Wilderness, DC Malone & The Jones, The Ventilators, and Loose Change will be among the acts at the August 12th festival.

Arbow

Dr. Timothy Arbow, Optometric Physician has been providing eye care to North Lake County for over six years. Born and raised in Bend, he has a strong connection with Lake County through a long held family ranch in Silver Lake. Over the past 40 years he has practiced with offices at times in Christmas Valley, Bend and Eugene. The main office is located in Eugene. The office staff and Dr. Arbow are dedicated to providing excellence in patient care, education, and optical services.

Dr. Arbow is a graduate of Seattle University and the College of Optometry at Pacific University, where he received his doctorate, and currently serves as a Pacific University adjunct Clinical Professor. As a dedicated health care professional, Dr. Arbow has been thoroughly educated and

trained to provide you and your family with the highest standard in eye care. He is a Board Certified diplomat by the American Board of Optometry. He is a member of the American Optometric Association, the Oregon Optometric Physicians Association and the Lane Optometric Society. He is a past president of the Eugene Jaycees and an active member of the Eugene Downtown Lions Club. For the past 20 years he has served as the Chairman of the Sight and Hearing Committee providing eye and hearing care for those in need. He was named a Helen Keller Benefactor by the Oregon Lions and has received the Spirit of Service Award by the Oregon Lion Foundation. He also serves on the Board of Directors for Eugene Hearing and Speech Center and chairs their foundation.

Dr. Arbow provides primary eye care as well as routine vision examinations. He is experienced in diabetic eye care, cataract pre and post surgical care, glaucoma detection and management, and LASIK eye care.

A proud grandpa, he enjoys sharing his love of North Lake County with his wife, Susan, his three children and spouses and six very special grand kids.

Credit Union Coming to Christmas Valley

Pacific Crest Federal Credit Union, headquartered in Klamath Falls, is planning to open a branch in Christmas Valley later this summer. In an effort to "meet the locals" they are hosting a family-style picnic on Saturday, August 5th at Flowerree Park. The fun begins at 12:30 p.m.

PCFCU will be hiring staff for this new location. See the employment classified ads on page 25 of this publication.

Federal Credit Unions are not-for-profit cooperative financial institutions that are owned and operated by their members. Through the use of volunteer boards and member ownership, credit unions are able to provide highly competitive loan rates, savings rates and fewer fees than other lending institutions. Credit Unions share profits with their members (not shareholders) through the payment of dividends. Members also maintain voting rights for issues concerning operations and policy.

Just as banks are overseen by the Federal Deposit Insurance Corporation (FDIC), federally chartered and insured credit unions are overseen by the National Credit Union Administration (NCUA). Just like FDIC, NCUA also provides credit union savings insurance of at least \$250,000 through the National Credit Union Share Insurance Fund (NCUSIF), a savings insurance program backed by the full faith and credit of the United States Government.

Becoming a member of a credit union generally requires eligibility within the common bond provision, submission of a membership application and the purchase of at least one ownership share.

For additional information about Pacific Crest Federal Credit Union, visit their website: www.mypcfcu.org.

Back In Thyme Herbals: Essential Oils

Linda McCoslin

I recently went to a class on essential oils, and have found them to be much more convenient to use than just using herbs as they are! Don't get me wrong, I still love to grow and use the herbs in the form of teas, tinctures and infusions. However, there are essential oils that can do wonders for your health, your mood, your stress level and overall well being. If you should choose to try them, please try to find the purest form of oils you can as they are much more effective and safer.

Essential oils are the volatile liquids that are distilled from plants and plant parts such as: seeds, bark leaves, stems, roots, flowers, and fruits. The therapeutic values come from their chemical constituents, which are affected by what part of the plant is used, soil conditions, where they grow, fertilizer (organic or chemical), climate, altitude, harvest season, method of harvest, and distilling process. Different conditions can cause them to be more caustic or irritating to the skin, hence the purer the better the results. Chemists can replicate some of the known individual constituents but it would be impossible, to successfully recreate complete essential oils in the laboratory. Anything less than pure, therapeutic-grade oils may not produce the desired results and can, in some cases, be extremely toxic.

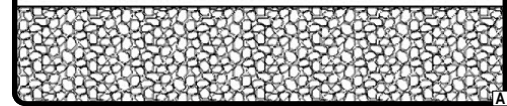

The reason pure oils can be expensive is because it may require several hundred to several thousand pounds of plant material to extract one pound of pure essential oil. The vast majority of oils produced have been for the aromatic qualities only. Unnecessary high pressures and high temperatures, rapid processing and the use of chemical solvents are often used during the distillation process to get a greater quantity of oil, produced at a faster rate.

They small just as good and cost less, but they lack most, if not all of the chemical constituents necessary to produce the expected therapeutic results. The benefits of pure therapeutic grade oils embody the regenerating, protective, and immune-strengthening properties of plants. Essential oil constituents are small in molecular size and lipid soluble, allowing them to

Sagebrush Music Fest!

Attending the Sagebrush Music Festival, now in its 15th year, has become a tradition for locals and visitors alike. "This whole event was fantastic," said Linda McCoslin of last year's festival. "It amazes me how people from all walks of life can spend a weekend together and get along in a peaceful, calming, friendly way as they enjoy the events and get to know each other."

This year the festival, August 17th though 21st, is featuring more than a dozen performers over the five days. "Our show is hands down, the best value in Oregon," says festival organizer Micah Elia. "We have an amazing line up of performers...all pumped up to be here."

What's more, the final day of the event coincides with what has been billed as "The Great American Eclipse." The festival location on the high desert, near Christmas Valley, promises unobstructed views of this once in a lifetime, heavenly spectacle. The Facebook page for Sagebrush Music Festival welcomes everyone to the event, "In honor of the eclipse we are expanding our vision to create a positive healing environment for all you beautiful souls who attend with us. There will be music, dance, healing arts, kids activities and much more. Sagebrush is Christmas Valley's premiere music festival in an oasis setting on 10 acres under The Big Sky. There is no better place for star gazing or eclipse viewing!"

Just a small sample of the dozens of rocks painted by LaVonne West in North Lake County.

Express Yourself with "North Lake Rocks"

Are you looking for something to do to express yourself? Why not paint a rock? Then, hide it in plain sight for someone else to find. You don't have to be a great painter to have a ball with this. All that's required is a sense of fun!

Maybe we could start our group on Facebook and call it "North Lake Rocks." Then when your rock is found, the finder can post a picture of the rock (and themselves if they want) to the Facebook page. Wouldn't it be fun to see posts from Silver Lake, Christmas Valley, Paisley, Summer Lake, Fort Rock, and all over the North Lake area?

All it takes is a box of rocks, some acrylic paints, a few brushes, your imagination, and a sense of fun. If you are interested, you can call me, and we can talk about it. I'll try to answer the phone, but I don't always hear it. So, please try again.

7 Counties Represented as Students See Christmas Valley

Thirty-five students accompanied by their advisors, rode into Christmas Valley by bus the evening of August 7. These students represent seven southwestern counties in Oregon; namely, Lake, Klamath, Jackson, Jefferson, Coos, Douglas and Curry Counties. Only gifted students in their high schools are chosen for the six weeks residential summer school work called "Project Prometheus" and field trips take them to such places as Fossil Lake, Malheur and Steens Mountains, Hole in the Ground, Ft. Rock Cave, etc.

They study water problems, geologic formations, fossils, etc. These are all intellectually gifted teenagers who will be seniors in their various high schools this coming fall term.

This is the only like project in the United States, coming under the Intermediate Education District group. Their teachers and advisors on this trip include Ron Lamb, teacher from southern Oregon College, Bob Bayley, teacher from Crater High School and Marcella Chichvaras, principal of Canyonville, Oregon, High School.

Two students from nearby Paisley High School were among passengers on the bus - Tim Messner and Jan Dunn.

After a swim in the lake, the group enjoyed dinner at the lodge, slept in their sleeping bags in the golf maintenance building, had a big breakfast at the lodge, picked up their box lunches which the lodge cooks had prepared for them and left for Fossil Lake, declaring Christmas Valley was "the greatest" for an overnight stay.

Softball Success at Christmas Valley

Christmas Valley had a Softball team this year. In fact, two of them. Some really competitive games were played every Monday evening.

Bob Lloyd's team, the Pro Shop Pros, did win a few more games than Al Baert's Bums, but all in all they were pretty evenly matched. Some evenings, one of the vacationers at Christmas Valley was called on to do the umpiring to keep everything "absolutely fair."

Next year should see some good ball-playing after this year's practice.

Thanks, From Friends of the CV Branch Library

The Friends of the Christmas Valley Branch Library would like to thank everyone who has been showing their support to our local library. We raised a lot of money on the 4th of July, and once again, "Thank You!" This money is used for a variety of reasons, one of which is additional books for your enjoyment.

Unfortunately, some of this hard-earned money was stolen from the library in the most recent break-in. This was break-in number THREE. It saddens and sickens the heart to have anyone violate the privilege that is our library. This library is here for everyone's enjoyment – our's, our children's, our grandchildren's. For many of us, our library is the center of our community. It's a place to look things up, borrow books, visit friends, and feel at home. A theft feels like a very personal thing.

On a more positive note, the Friends of the Library are going to be part of two music festivals coming this month. This will be our third time participating in the Christmas Valley Music Festival held at R. E. Flowerree Memorial Park on August 12th. We thank all those involved as we appreciate what this organization does for the kids. The other festival, being held August 17th through 21st, is the Sagebrush Music Festival (formerly known as Sagebrush Rock.) This is the 15th year for the Sagebrush Music Festival, but this is our first year to participate. I thank both festivals for these opportunities.

A new library is in our future, and the Friends would like to see it become what future generations need it to be. It's your library. It's your community. It's your choice. You, the community need to get together to help solve this problem so that no more break-ins occur.

We hope to see you at one or both of these events having a good time with old and new friends. Remember that all mon-

ies earned here, stay here for our own local library.

Thank you once again for your time and support. Remember that reading is fundamental!

Sincerely,
Michael Johnson, President
Friends of the CV Branch Library

Horses Don't Play Golf

This is a simple reminder to horse owners in the area. Horses are NEVER allowed on the Christmas Valley Golf Course. You are welcome to exercise your animals on the service road between the fairways of the golf course, but NEVER should a horse be on the golf course itself. Horse hooves damage the playing surface of the course, and the piles of "road apples" create an unwelcome hazard to golfers.

In a similar manner, we will do our best to keep golfers from putting in your pasture, or pooping in your yard. Also, be aware that the facilities at the Rodeo Grounds, just east of the golf course, are available for use by the public at no charge.

Thank you for your cooperation.

LEGO Club Continues to Meet During Summer

During the second half of the school year, attendance at the weekly North Lake County 4-H Lego Club meetings was consistently 15-20 kids. Since school let out in June it's been a different story.

"We're down to a faithful few," remarked club leader Mark Joseph Russell. "It's not bad though. With just a handful of us at a meeting, it is more about working together, and less about me blowing a whistle to try and control the chaos."

North Lake County 4-H LEGO Club meets every Wednesday from 4:00 p.m. to 6:00 p.m. at the Christmas Valley Community Hall. Meetings include time for LEGO education, free building, a light snack, and special projects.

For more info, contact Mark Russell at 541-576-4622 or legomanusa@yahoo.com.

As seen looking north from the Christmas Valley Golf Course on the morning of July 25, smoke rises from a still-burning section of the Well Fire.

Fire on the Mountain

Lightening that accompanied severe weather in the late afternoon/early evening of Thursday, July 24 sparked the Well Fire on the south slopes of Green Mountain. Local crews responded and battled the blaze. The flames were clearly visible from the Christmas Valley township through the night. With support from the Eastern Oregon Task Force, two engines, a helicopter, and a dozer the fire was contained at just 75 acres.

Fire Danger "Extreme" - Restrictions Apply

The fire danger level was elevated to "Extreme" July 28, 2017. Additionally the Industrial Fire Precaution Level (IFPL) was increasing to Level 3 within lands under the South Central Oregon Fire Management Partnership and Public Use Restrictions are also being implemented in several areas.

Both the IFPL 3 and Public Use Restrictions went into effect at 12:01 a.m. Friday, July 28, 2017. Under IFPL 3, personal use woodcutters are prohibited from operating power saws, per the rules and regulations issued with the permit.

Public Use Restrictions are being implemented on lands administered by the Fremont-Winema National Forest, Bureau of Land Management's (BLM) Lakeview District and U.S. Fish and Wildlife Service's (USFWS) Sheldon-Hart Mountain National Wildlife Complex and Klamath Basin National Wildlife Refuge Complex.

The only Lakeview District BLM lands not included in this are those within the Klamath Falls BLM Resource Area west of Langell Valley. This area is under the protection of the Oregon Department of Forestry (ODF). For information on specific restrictions in areas under ODF's fire protection, please visit the website:

www.oregon.gov/ODF/Fire/Pages/Restrictions.aspx

Personal and commercial woodcutters are reminded of their responsibility to stay informed of current IFPLs and all restrictions that apply to activities conducted on public lands. Failure to comply with the fire precautionary requirements may result in a violation notice.

Restrictions:

- Campfires are only allowed in designated campgrounds or areas. Smoking is restricted to enclosed vehicles or designated areas.
- Motorized vehicles can only be operated on roads clear of flammable vegetation and parking off roadways must be done in areas barren of flammable material.
- Chain saw use is prohibited, portable generators can only be used in designated areas and spark arresters are required on any internal combustion engine being operated.
- Welding or operating an acetylene or other torch with an open flame is also prohibited.
- Anyone entering federal lands under these restrictions must also carry a shovel at least 26 inches long with a blade no less than 8 inches wide, an axe or Pulaski with at least a 26-inch handle and a head weight no less than 2 pounds, and at least 1 gallon of water or a 2.5 pound fully charged fire extinguisher.

Violations of these prohibitions are punishable by a fine of not more than \$5,000 for an individual or \$10,000 for an organization, or imprisonment of not more than 6 months, or both.

For more IFPL information and a list of designated sites and areas associated with the Public Use Restrictions, please visit <http://scofmp.org/ifpls.shtml> or call the Lakeview Interagency Fire Center at 541-947-6259.

The Mount Thielsen, Sky Lakes and Mountain Lakes Wilderness Areas will not be included under Public Use Restriction.

2017 Run to the Desert Car and Truck Show

It's time for the 4th annual RUN TO THE DESERT car and truck show on August 12th, from 11:00 am to 5:00 pm, adjacent to Flowerree Memorial Park. Again, this coincides with the Christmas Valley Music Festival at the park. Last year was really good and this year should be better. All cars, semi trucks, and motorcycles are welcome. If it has wheels, bring it. Hope to see you there.

Sponsors this year include Holiday Tree Farms, Inc. of Corvallis, and Troy Fine Trucking, LLC of Silver Lake. For registration forms or more info call Becky @ 541-408-1386.

OILS

Continued from page 7

easily and quickly penetrate the skin and cell membranes, even when membranes have hardened from oxygen deficiency. In fact, they can affect every cell of the body within 20 minutes and then metabolize like other nutrients. Essential oils can benefit the body by: promoting relaxation, supporting a healthy immune system and function, calming tension and nerves, uplifting mood, promoting emotional health, reduction of stomach upset, support of muscle and joint function, increasing positive feelings, decreasing stress, protection against seasonal threats, improved appearance of skin, production of antioxidants, maintaining healthy circulation, repelling insects, promoting healthy digestion, purifying the bodies system, support of healthy respiratory function, and soothing skin irritations. Some essential oils even fight cancer and dissolve tumors.

I will begin giving you a list of oils and what they are used for in the next Desert Whispers.

GOD be with you!

WORD SEARCH CONTEST

“Waterloo” #1 on the Norwegian Charts

The CALAMITY word search contest from the July 15, 2017 issue of DESERT WHISPERS had just one responder with the correct answer. **Sandra Russell**, who responded with “Waterloo,” is the winner of a free 1 column x 3 inch, black and white ad in a future issue of DESERT WHISPERS. Contact the editor to claim your prize: office@northlakeparkandrec.org.

Recorded by Swedish pop group ABBA in 1974, “Waterloo” reached #1 on the charts in the UK, Belgium, Denmark, Finland, West Germany, Ireland, South Africa, Switzerland and Norway. Listed below are 42 more songs that reached #1 status in

Norway between 1974 and 1990. Hidden in the letter matrix are 41 of the 42. Which ONE is missing? Send your name and answer to:

office@northlakeparkandrec.org

or drop it off at the Park and Rec office by August 8, 2017. Names of entrants with correct answers will be printed in the August 15, 2017 DESERT WHISPERS.

One random winner, drawn from all correct answers, wins a free one column x 3 inch, b/w display ad (a \$10 value) in a future issue of DESERT WHISPERS.

Good Luck!

4-H LEGO Club Seeks Assistant Leader

To be a properly chartered 4-H Club in the state of Oregon, the North Lake County 4-H Lego Club is required to be supervised by a minimum of two approved 4-H adult volunteers. If you are at least 18 years of age, and have interest in assisting in the leadership of the 4-H Lego Club in North Lake County, please contact Mark Russell at legomanusa@yahoo.com or 541-576-4622.

Help Fill a Local Need

Find something in your community that suits you. This community primarily functions through volunteers. We have many new community members and this community can benefit from a little bit of your time. The many new community members tax the already over stretched, long standing volunteers that oil the works of the under supported needs of the north end communities.

If you have questions of how you can help feel free to contact me, Glenna Wade, via Facebook [[glennasonly](#)] and I can help you find an activity that suits you.

LABELS for LEGO CLUB!

North Lake County 4-H LEGO Club is collecting **Flav-R-Pak**, **Santiam**, and **WEST-PAC** food labels for redemption.

Please drop off labels at the Park and Recreation office. Thank You!

tions. However, visitors should be aware of current conditions and the potential for restrictions in Wilderness Areas as fire season continues.

The South Central Oregon Fire Management Partnership is an interagency fire management program that provides comprehensive wildland fire service to south central Oregon and northwest Nevada. The partnership strives to achieve a more efficient, effective and integrated interagency fire management program for all participating agencies on the lands administered and protected by each agency.

Participating agencies include: Fremont-Winema National Forest, Bureau of Land Management (BLM) Lakeview District, Sheldon-Hart Mountain National Wildlife Refuge Complex, Klamath Basin National Wildlife Refuge Complex, Crater Lake National Park and Klamath-Lake District Oregon Department of Forestry (ODF).

For more information, contact Fire Information Officer Sarah Saarloos with the South Central Oregon Fire Management Partnership at: ssaarloos@fs.fed.us or 541-219-0515. Daily wildfire information, maps and social media links can be found at SCOFMP Blog: <http://bit.ly/2sK5YHY>
